Re : Received your letter memo No. GSS/KMC/2019/845

Sir/Madam,

After departmental inspection it has been observed that supply of F.W. pressure is sufficient in your school premises and it has been certified that our supply of filter water is fit for drinking. But your underground reservoir is to be cleaned every week to avoid contamination.

yours sincerely,

18/10/19
Executive Engineer W/S
